

BWImplement

"W" Frame Staggered Chisel

- Heavy duty structural tubing frame
- Replaceable wear shins and points
- Heavy duty plow shanks
- CAT III - IV three point hitch
- Staggered design reduces horsepower requirement, and reduces clodding and increases thrash flow

We have
been manufacturing
DIRT SMART
products since 1948

	SBW7S-22	WFHD7S36-24
Frame	6" x 8" structural tubing	8" x 8" structural tubing
Wheels	single 10" x 28" steel wheels	single 10" x 30" steel wheels
Hitch	Cat III-IV three point	Cat III-IV three point
Pockets	3/4" shank pocket with 7/8" shear and 1" pivot bolt	1" shank pocket with 1" shear and 1-1/4" pivot bolt
